Re: Utility Source, LLC.; Docket No WS-04235A-05-0707; Decision No. 68962;
Compliance filing and Request for Extension of Time to Comply

Dear Ms. Lee-Rice:

The subject Decision requires the Company to file four items within 365 days of the Decision. The Water Approval to Construct ("ATC"), the Wastewater Approval to Construct, and the Aqua Protection Permit ("APP") & 208 Permit are all related to the new development within the expansion area.

Enclosed is the APP for the system, as well as the Wastewater Construction Authorization, formerly known as the ATC, and the Water ATC for Flagstaff Meadows Unit III, the largest parcel in the expansion area. As the Commission is no doubt aware, development suffered a sharp decline at about the time the Decision issued. The Company is working with the Developer of Parcel C in Section 35 of the wastewater expansion area, and expects their engineering plans to be finalized this month. Those plans will permit the submission to ADEQ for that Approval. The turnaround on the ATC applications is running about 60 days. The Franchise Application has been submitted to Coconino County, and we expect that to be approved within 60-90 days.

Therefore, the Company hereby requests that the compliance dates set forth in the subject Decision be extended by one year to September 20, 2008 for those outstanding items. We certainly will file each of those requirements if received before the requested extension date.

Re: Flagstaff Meadows-Unit 3, Phase 1 –Substantive Review Phase
ADEQ File # 20070475, LTF# 44624

Dear Mr. Cortes:

The Arizona Department of Environmental Quality (ADEQ), APP Residential Unit has completed the preconstruction review for the above sewer collection system. Enclosed is the Construction Authorization for a Type 4.01 Sewage Collection System General Permit, formerly known as a Provisional Verification or Approval to Construct.

According to Arizona Administrative Code (A.A.C) R18-9-A301(D)(1)(f), after completing construction of the sewage collection system and prior to discharging to the system, the permittee is required to submit to the Department applicable verification that the construction meets the requirements of General Permit 4.01. After completion of construction, please submit the "Request for Discharge Authorization for a Type 4.01 General Permit" with Engineer's Certificate of Completion, one set of as-built plans, and all required test results to:

Arizona Department of Environmental Quality
Northern Regional Office
1801 West Route 66, Suite 117
Flagstaff, AZ 86001
(928) 779-0313

Once ADEQ determines that the construction meets the requirements of A.A.C. R18-9-E301, a Discharge Authorization for a Type 4.01 Sewage Collection System General Permit will be issued, and the permittee may begin discharging wastewater to the system.

If the Department does not receive the Discharge Authorization within two years of the date of the Construction Authorization, the applicant is prohibited from continuing construction, and the

applicant is required to submit a new Notice of Intent to Discharge and any applicable review fees to begin or continue construction.

Sincerely,

Fahmida Maula.
